Your Company's Landing Page is the starting point for everything in Benefitfirst. Once you have logged into Benefitfirst, the landing page is your first screen. This is where all of your benefit information is stored and where you go to make any updates or changes, run reports or review your benefit plans information.

Benefit Statement:
Complete overview of previous, current, and upcoming benefits (see below for details)

Resource Center:
Benefit plan documents and other information

Provider Links:
Links to Insurance Provider's websites

Decision Support Center:
Interactive video of common insurance terms

My Wellness Center:
General health and wellness tips

Benefit Plans:
Benefit Plan Summaries

Enroll Now:
Enroll or Make Updates to Benefits

My Benefit Summary:
Snapshot of Current Benefits

Enroll Now

Enroll Now is used to make benefit selections for newly eligible employees or during annual enrollment. It is also used to enter a Qualifying Life Event (QLE) or to make changes/updates to personal, dependent and beneficiary information.

Benefit Statement

The Benefit Statement will provide a complete overview of the benefits currently enrolled in, as well as any previous or upcoming benefits.

Resource Center

The Resource Center houses all of the current communication materials for your benefits.

Provider Links

Use the provider links to connect to the Carrier websites without leaving Benefitfirst.

Online Help

Provides quick links for assistance with technical questions
